MEMORADUM FOR OHIO WING PILOTS/FRO

4 October 2005

FROM: OHWG/CC

SUBJECT: Monthly CAP Corporate Assigned Mission Number

The mission number for Civil Air Patrol Assigned Corporate Mission Status for the month of October 2005 is: OHWG/CC 051004

This mission number will be used by PICs listed on the Ohio PIC list provided by the Director, Operation Ohio Wing, as authorization to fly corporate/member owned (furnished) aircraft on non-reimbursable missions. Flight Symbols covered under this mission number are C8, C9, C15, C17 and C20. It is the individual PIC's responsibility to ensure they maintain their currency and qualifications for flights.

A flight release is still required for all flights. The determination of the appropriate mission status for a CAP mission request, Air Force assigned Mission (AFAM) or Corporate, should not be confused with receiving a flight release. These are two separate processes. FROs will annotate the mission number on the CAPF 99.
